## CCA HERMITAGE PROGRAM

[WWW.CASCABELCONSERVATION.ORG](http://WWW.CASCABELCONSERVATION.ORG)

AUGUST 2023

### SABBATICAL GATHERING

Our monthly Sabbatical Gatherings will resume on **Saturday, August 12**. We will gather at the CCA Garden and walk up to the upper area which is co-owned with Archaeology Southwest. Due to the continued intense heat, we will begin at **6:00 am and end at 8:00 am**.

Please contact Susan if you need directions. Hope to see some of you there!

### ***UNIVERSITY OF ARIZONA RISE INTERNS TO COLLABORATE WITH US!***

The CCA Hermitage Program has been selected by the University of Arizona RISE (Resilient Internships and Student Experiences) Program to host two interns for the upcoming fall and spring semesters. The interns will be tasked with identifying and meeting with groups/faculty at the University who may be interested in small group sojourns at the Corbett Retreat & Research Center. Their internship will begin Labor Day weekend by camping at the Corbett Center. The time will be spent walking the land, visiting both hermitages and the retired Straw Bale hermitage, and meeting with interested community members. We are extremely excited about this opportunity to collaborate with college students!

Record hot temperatures, thunderous ruckus with deadly lightning bolts, and beautiful sunrises & sunsets, but little monsoon rain. All life hoping for a wet August!
