SNAKE WORKSHOPS

Back by popular demand, Lexi & Gene Boudreau will offer two different workshops on peaceful coexistence with our neighbors! Contact Susan for reservations.

SABBATICAL GATHERING

Gatherings occur every April and October. It is a time set aside to come together as community to walk this special piece of earth.

NEW CCA LAND

The 40-acres surrounding the Caravan hermitage have been purchased by CCA to ensure the solitude of sojourners.

Night Life: Walking with Nocturnal Herpetofauna

September 13-14

6:00 pm Friday - 9:00 am Saturday

For the more curious and adventurous folks, Lexi & Gene will lead an after-dark walk to see a variety of "herps" in their habitat. Participants will camp overnight at the Corbett Center.

Living Peacefully with the Maligned Rattlesnake

Friday, September 27

9:00 am - 1:00 pm

This half-day workshop has been a huge success over the past two years! Herpetologist Alexis Boudreau and her husband Gene Boudreau will share their passion for protecting snakes in the wild. They will bring their "snake family" for us to admire, touch and get to know.

Sojourner Reflection

I asked the ocotillo, "What can you teach me about old age?"
And the ocotillo said:

"Try to be adaptable and let go whenever necessary. Let go of your leaves when a dry spell comes and trust that new ones will appear when the rains return."

SABBATICAL GATHERING

The October Sabbatical Gathering will take place along the San Pedro River where we will walk with each other and our community goats! Contact Susan for directions/questions or if you would like to arrive the day before and camp at the Corbett Center.

When: *Saturday, October 12, 10:00 am – Noon*

Where: *Goatwalking along the San Pedro River*

What to bring: *Drinking water / Snack*

CCA Hermitage Program Co-chairs: Susan Tollefson & Katie Talbott
